STOCK GT PULLING RULES

We have established rules to minimize puller and spectator hazards and to promote fair competition. These rules may be updated to reflect any changes to maintain these goals.

GENERAL RULES

MANDATORY Driver's meeting prior to pull

1. This pull is designed to be a FUN STOCK GARDEN TRACTOR PULL. No prizes, just a good time.
2. There will be a 25' false start line. 1 time only.
3. Tractor must remain in track boundary
4. Driver MUST remain in the seat for the duration of the pull. NO standing up.
5. Driver MUST have at least one hand on the steering wheel during the pull.
6. All pulls will start with a tight chain, NO JERKING.
7. NO shifting of gears while pulling.
8. Anything falling from your tractor will result in disqualification.
9. All tractors are limited to one operator at a time. However a tractor may pull multiple times with different drivers. (except for children under 12) (see rule 10)
10. Parent/Guardian MUST walk along with children under 12.
11. All children under 12 REQUIRED to wear a helmet.
12. To keep things competitive if TRACK OFFICIALS or committee feels you have an unfair advantage they will move you to the open class.
13. Decisions of TRACK OFFICIALS or committee are final. Arguing will result in disqualification.
14. All drivers and parent/guardians MUST sign a liability waiver.

Buckeye Wheel Horse Collector's Club

GENERAL TRACTOR SPECIFICATIONS

NOTE: All tractors will have a safety inspection before pulling.

1. All tractors must have seat, fenders, hood, grill, or nosepiece and appropriate guards and/or shields.
2. All tractors must have working brakes and steering.
3. DRAWBARS:
 - A: All tractors should have a drawbar that is stationary in all directions.
 - B: May be factory and must be no more than $\frac{3}{4}$ " thickness and no less than $\frac{1}{4}$ " thickness.
 - C: Hitch must be parallel to the ground and Not more than 13" from the ground.
 - D: Nothing can interfere with the hitch or sled chain. Hitch must be readily accessible.
4. WEIGHTS:
 - A: Weights are recommended and must be secured. If they fall off you will be disqualified.
 - B: Rear weight bracket cannot exceed 24" from the center of the rear axle to the furthest point back.
 - C: Front weights cannot exceed 96" from center of the rear axle to the furthest point forward.
 - D: Weights cannot interfere with hooking to the sled.
5. TIRES:
 - A: Must be rubber and be a factory or dealer standard option. MAXIMUM tire size allowed is 26x12x12 UNLESS larger wheel size was standard on your model tractor.
 - B: NO chains or studs
6. If there is a scale available we MAY weigh your tractor. Please remember we are just having FUN.
7. Weight classes are the total weight of tractor, weights, and driver.
8. Cut tires, dual tires, twin cylinder and diesel engines are permitted in Open class ONLY.
